

United International University

CSE 2218: Data Structures and Algorithms II Laboratory

Assignment - 3 on Graph Algorithms

Dijkstra-style Problems

Problem	Difficulty	Link
Network Delay Time	Medium	Open problem
Path With Minimum Effort	Medium	Open problem
Minimum Cost to Reach Destination in Time	Hard	Open problem

Bellman-Ford-style Problems

Problem	Difficulty	Link
Cheapest Flights Within K Stops	Medium	Open problem
Wormholes	Medium	Open Problem

Prim's / Kruskal's MST-style Problems

Problem	Difficulty	Link
Min Cost to Connect All Points	Medium	Open problem
Minimum Score of a Path Between Two Cities	Medium	Open problem

Recommended Problems for Class Test - 3

1. Network Delay Time
2. Path With Minimum Effort
3. Cheapest Flights Within K Stops
4. Min Cost to Connect All Points
5. Wormholes
